### Evaluation Test

\*Reg. EU nº 1321/2014, of 26 November.

**Course Code: CLA\_EASA\_P145  
RCLA\_EASA\_P145**

### Reasoning:

Continuous Airworthiness Managers and Collaborators of the Compliance System of Client Companies need to obtain knowledge about the requirements of aeronautical regulations in the parts relevant to the performance of functions.

ABSANT's TRAINING, attentive to the needs of the market, has developed this course with the aim of making known the requirements of Annex II (Part 145) of Regulation (EU) No. 1321/2014 of the Commission, of November 16, and its respective amendments.

The EASA Part 145 Aeronautical Legislation Course is required by EASA Part 145 Aeronautical Legislation and National Regulations.

### Target:

EASA Part 145 Air Law Course target is to Continuing Airworthiness staff, Compliance Monitoring Manager and auditors.

### Evaluation:

Summative Evaluation.

### Duration:

e-learning - 6 Hours.
